WELCOME TO THE NEW ERA

A Celebration of Community

Fairs may have started out as a celebration of the harvest and end of a season, but today's demographics demand a broader focus that offers a community the chance to showcase the diversity of its riches. And if it's diversity you want – Lincoln County is a great place to come! From fishing and marine research to science and education to art, music and tourism, the richness of our county is remarkable!

The NEW Lincoln County Fair embraces not just animals and agriculture but all of the many exciting facets of our county. From Yachats to Otis and from Newport to Burnt Woods – we want everyone involved!

Ongoing growth in attendance – up to 15,000 in 2016 – confirms that free admission benefits everyone. **FREE ADMISSION FOR EVERYONE** not only ensures equal access for everyone in our county, it encourages the many summer visitors to the Central Coast to come join in the fun. They have nothing to lose and will discover a whole lot to gain!

We acknowledged up front that this new model is not a revenue producer. We also believe that sometimes redirection takes drastic action and we are willing to continue taking that risk. Having seen how community members like you stepped up last year, we are more certain today than ever before that we made the right decision. We all want to see our county flourish, and The NEW Lincoln County Fair is one way we can positively contribute to our area's economic health and community spirit.

As a Fair Sponsor, you will be partnering with us to bring together our communities and celebrate Lincoln County's riches. We know community support is the most important aspect of conducting a successful, sustainable, long-term event and we thank you for helping make the Lincoln County Fair a success!
